

The
Lighting
Authority

Arizona Section

of the Illuminating Engineering Society of North America

Our seminar this month will be held at Edson Electric CDC and will feature **Dr. Martin Moeck**, Associate Professor at the Arizona State University College of Design.

An internationally recognized authority in the lighting industry, Dr. Moeck's research interests include daylighting, LEDs, computer aided lighting design, building energy simulation and photovoltaics.

Dr. Moeck was instrumental in the design and development of the first digitally addressable lighting interface (DALI) instructional laboratory in the United States. Our seminar will focus on the experiences with Internet controlled DALI applications and will provide an outlook into the next generation of radio controlled lighting.

Who: Dr. Martin Moeck
What: DALI and next generation radio control
When: Tuesday, December 19
12:00 – 1:00
Where: Edson Electric CDC
2902 S. 44th Street

Please RSVP by December 15 to:
John Gusella (jgusella@lightolier.com)
Natalene Tso (tson@lswphx.com)

IES members: \$20 (\$25 if RSVP is not received by December 15)

Non-members: \$25

• Includes lunch provided by Honey Bears BBQ
